

Name: _____ Block: _____ Date: _____

Module 4 Quiz Lessons 26, 27, 33 & 34

Identify a value for the variable that would make each equation a true number sentence. Show your work.

1. $8k = 48$

2. $35 = m + 14$

3. $x - 9 = 21$

4. $\frac{a}{4} = 12$

Write an inequality for each graph. Use x as your variable.

5.

6.
